B. WHEATLEY DIES AFTER LONG ILLNESS

End Comes Shortly Before 5 O'clock Yesterday Afternoon

POPULAR RESIDENT

Stricken With Paralysis A Year Ago —Had Been Funeral Director Since His Boyhood—Funeral Monday.

Benedict Wheatley, fifty years old, one of Alexandria's leading citizens and one of the best known funeral directors in the state, died at 4:55 o'clock yesterday afternoon at his residence, 809 King Street. Death was due to paralysis.

Mr. Wheatley was stricken with paralysis a year ago April 1. He apparently rallied from the attack and was able to be about, although he never completely recovered and his condition from that time on became more serious. Several months ago he had another attack and his third and final attack came about two weeks ago. Everything known to medical science was resorted to without avail. The condition of the deceased for the past two days became critical and since that time his death had been momentarily expected.

He is survived by his wife, Mrs. Effie Padgett Wheatley together with three sisters, Mrs. Julia Joyce, Mrs. Henry K. Field and Mrs. George D. Hopkins of this city.

Mr. Wheatley was born in Alexandria and educated at old St. John's Academy. He was a son of the late Benedict and Martha Wheatley, and learned the undertaking business under his father and succeeded his father in business upon the death of the latter.

He was a member of Andrew Jackson Lodge of Masons, Alexandria Lodge No. 758, Benevolent and Protective Order of Elks, the Virginia Funeral Directors Association and the National Funeral Directors Association.

The deceased was a well known and popular citizen and had a host of

BASEBALL

The first game of the local base ball season will be inaugurated tomorrow afternoon at 3 o'clock at the High School grounds, when the Dreadnoughts engage the fast Gibraltar A. C., of Washington, D. C. All members of the Dreadnaughts are requested to be present at 2 o'clock, as all candidates will be given a try out by Coaches Brenner and Burgandine.

Egg Rolling Monday

George Washington Park to be Mecca For Kiddies

A goodly part of Alexandria's younger population has arranged to go Easter egg rolling Monday afternoon at George Washington Park. If the present weather conditions prevail it is expected that hill Monday will be dotted with little ones. Easter egg dyes have been selling rapidly today and a majority of the kiddies will have everything in readiness for the day's sport.

Many little ones accompanied by their elders will also go to Washington to roll eggs. This year there will be no egg rolling at the White House. There will, however, be egg rolling on the "White Lot", south of the grounds of the White House. On the "Ellipse" the Marine Band will play in the afternoon.

EIGHTH FREIGHTER GOES OVERBOARD

Thousands See Anna E. Morse Glide Into Potomac

AFFAIR A BIG SUCCESS

Mrs. Mary D. Sternbergh, Reading, Pa., Sponsor—Ideal Weather Conditions—Complete in Sixty Days

The 9,400 ton steel freighter Anna E. Morse was successfully launched at 5 o'clock yesterday afternoon at the plant of the Virginia Shipbuilding Corporation. A bottle of wine was smashed over the nose of the vessel by Mrs. Mary D. Sternbergh, Reading, Pa., niece of Commissioner John A. Donald, of the United States Shipping Board.

The freighter left the ways about three minutes before the appointed hour. Mrs. Sternbergh carried a big bunch of American beauty roses. As the freighter glided into the river there was a mighty cheer from the vast throng assembled in the company's yards and the siren let loose.

Ideal weather conditions prevailed and as a result of the weather conditions also because of the convenience of the hour the yards were thronged with persons. In addition to the citizens of Alexandria attending the launching there were many officials of the Virginia Shipbuilding Corporation and also many other prominent guests from out of the city.

The Anna E. Morse is the eighth ship to be launched by the Virginia Shipbuilding Corporation. It is ex-

In Remembrance of Rozier Nelson

In sad but loving remembrance of my devoted son, Rozier Nelson, who departed this life three years ago, April 5, 1917.

If I had seen you at the last,
And held your dying hand,
And heard the last sign from your heart,
I would not feel so bad.
I did not know the pain you bore
I did not see you die,
I only know you went away,
And did not say good by.
Heaven retaineth not the treasure,
Earth the lonely casket keeps,
And the sunbeams love to linger,
Where the precious remains sleep.

His devoted mother and sisters,
Martha Lee, Etta Butler and
Lucy Butler.

RED CROSS WORKERS FREED

All Except One Held By Bolsheviki In Siberia Are Released

Washington, April 3.—Release of all American Red Cross workers held prisoner in Siberia by the Bolsheviki, with the exception of Alexander C. Tweedie of New York, was reported yesterday to national headquarters. The last report from Tweedie said he was ill with typhus at Krasnoyarsk.

The following were freed March 23: Otto W. Owe, New York; Joseph H. Medill, Jaroso, Col.; Harry J. Donnalley, Philadelphia; Dr. William H. Ford, Kingston, Okla., and H. N. Bonzo, Manila.

All of the other captives it was reported that they suffered no harm while in the hands of the Bolsheviki.

The cablegram also reported the safety of all nurses and doctors connected with the British Red Cross, who recently arrived at Valdivostok from Tomsk.

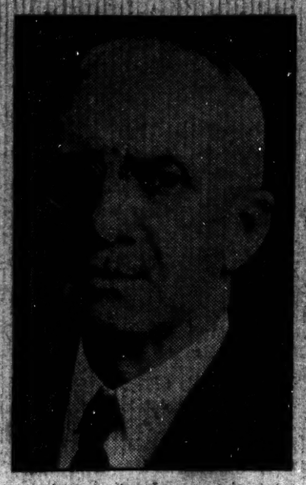
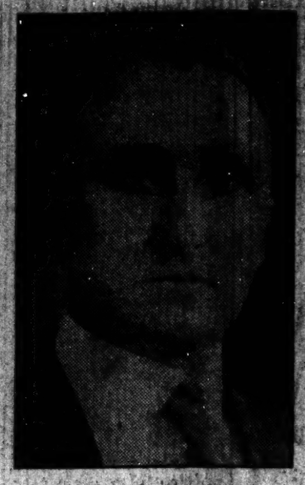
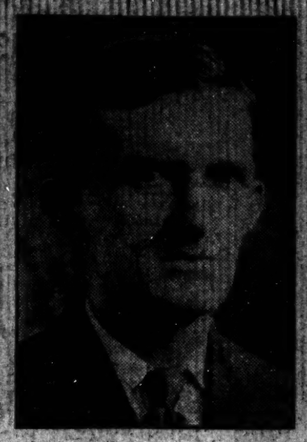
CANDIDATES FOR MAYOR



CAPT. ALBERT BRYAN



JAMES M. DUNCAN



W. J. McCAFFREY

A Democratic primary will be held Tuesday, April 6 for the purpose of nominating a mayor and four members of the board of aldermen and eight members of the common council. The polls will open at sunrise and close at sunset. Every citizen should go to the polls and vote. There is every indication that a large vote will be polled.

The various candidates for office have made a clean cut fight and there has been no "mud throwing" in the mayoralty campaign. The democratic nomination is equivalent to an election. The nominees if elected will assume office September 1.

W. W. COOK DIES TODAY

William C. Cook died at 6:45 o'clock this morning at his residence at Braddock. He is survived by his wife, Mrs. Mayme Cook, nee Noland. The deceased was a son of Mrs. Martha Haislip Cook and a brother of Mrs. Haupe and Mrs. Roberts, of Washington, Mrs. Pierson, of Ohio, and Captain Harry Cook, of New York. For many years he had been employed by the Chesapeake and Telephone Company. His funeral will take place at 3 o'clock Monday afternoon from his late residence and services will be conducted by Rev. Edgar Carpenter, rector of Grace Episcopal Church.

A HINT

Suppose your imaginary lover,—a purely fictitious, (as you thought) hero, whom you had simply invented with the aid of your vivid imagination—suppose this gentleman unexpectedly walked in on you! Quite unexpectedly, since, having wearied of the farce, you had gone so far as to have his death published in the paper. Under these startling and extraordinary circumstances, what would you do? But probably you never had such a lover, so of course, you don't know what you would do. But we are not going to tell you any more. If you are interested in the denouement of this unusual situation, the best thing you can do is to come to "Green Stockings" in the High School auditorium the 7th, 8th or 9th of April and see for yourself.

(Communicated)

Mr. Editor:

Replying to a communication from the Alexandria Trades Council dated March 26, 1920, I sent the following:

E. Tull, Esq.
Secretary Alexandria Trades Council
My dear Sir:

Your communications dated March 26th has just reached me.

In reply to your question I will say I have never been a member of any labor organization. During my business life I have had very little experience in the employment of labor.

I am not, and have never been in any way antagonistic to organized labor, on the contrary I am a strong believer in organizations as I consider that the road to success.

As to my attitude on the Prohibition question I will say that I voted against State-wide Prohibition.

I am opposed to anything that interferes with personal liberty.

As to my platform in general:

I think the Public Health should be the first consideration, the Public Schools should come next, after these Civic Improvement should receive consideration.

Incidentally may I not add that in National, State and Municipal affairs I have systematically voted the Democratic ticket.

Yours very truly,
Albert Bryan.

KATCHA-KOO

American Legion Play Rehearsals Begin Thursday, April 8

An enthusiastic meeting was held last night at Community Center, of a number of those who are to take part in the American Legion play, "Katcha-Koo."

Parts were assigned and a number of the chorus selected, though the committee is still busy securing additional talent. Several groups of singers and dancers are still to be obtained, and the next meeting will be held Thursday, April 8, and all who are to participate are expected to be present then.

The organizer from the John B. Rogers' production company, Mrs. Jean Johnson, was at the meeting last night and splendid progress was made. Mr. Johnson, the director, will be in the city by Thursday, and rehearsals will begin in earnest on that night.

The cast will be announced within a few days.

ALLEGED CRUEL PARENT

Gallanda, Clay Sculptor, Held For Inhuman Treatment of Daughter

New York, April 3.—Charged with cruel and inhuman treatment of his 17 year-old daughter, Minnie, John Gallander, known on the stage as Gallanda, a clay sculptor was arraigned in a Brooklyn court yesterday and held in $2,500 bail for a hearing later. Nearly 100 scars were found on the girl's body, District Attorney Lewis said.

Affidavits filed with the court alleged she had been branded with hot irons, scalded, struck with ice picks, hatpins and darning needles, and that some of her teeth had been broken and then pulled out with pliers.

Amicable Adjustment of Differences Reached in N. and W. Strike

TROUBLE ON MARCH 22

Negotiations Brought to Successful Conclusion as Result of Government Intervention.

Roanoke, Va., April 3.—At a conference here early today between officials of the Norfolk and Western Railway and local and international representatives of organized crafts on the system, who have struck in sympathy with the clerks who walked out March 22, a settlement was reached, under the terms of which all employees of the company will resume work immediately.

According to company officials, under an agreement with the union representatives, no further statement regarding the settlement of the differences between the road and its employees will be made public. Whether the terms of adjustment contemplate the removal of W. T. Divers and Amos Headley, demurrage clerks, whose discharges were demanded by the clerks, or whether these men will be retained in the service could not be ascertained, as neither company officials nor union heads would divulge any information.

The situation reached an acute stage during the day when reports from various terminal points indicated many men were leaving their work.

One of the outstanding features of the strike today was the receipt of a telegram from W. G. Lee president of the brotherhood, Lee telegraphed from the Cleveland, Ohio, headquarters to J. B. Smith, general chairman at Roanoke:

"Threatened strike of members of trainmen's brotherhood on Norfolk and Western is illegal. Our organization will support and protect the present contract with the railroad until changed by constitutional methods."

PRECAUTIONS NECESSARY

State Commissioner of Health Enmion G. Williams, invites the people of Virginia to give the fullest possible easure of co-operation in an effort to still further reduce the number of cases and deaths from typhoid fever. Dr. Williams suggests that it is the sanitary work done and precautionary measures taken now which will manifest themselves in the reduction of the incidence of this disease, caused by the infection of human food or drink, during the summer months.

Typhoid fever and other fly borne diseases begin to show themselves in alarming proportions as soon as the fly season gets into full swing. June, July and August being notable for their number of cases of such diseases.

Dr. Williams urges that every toilet be made fly-proof and animal-proof, that every home be efficiently screened against insects and that water supplies be protected both against surface infection by the seeping or washing in of filth.

There are so many ways by which the insanitary toilet may contaminate the food and drink of the family that no pains should be spared to replace every such menace by a modern and health preserving building.

When every home has a safe water supply and sanitary disposal is made of all human waste typhoid fever, with all of its attendant suffering and useless expense, will be eliminated.

ADVERTISERS' BEST AID

Newspaper advertising as the best means of marketing any product was praised by William A. Thompson, director of the Advertising Bureau of the American Newspaper Publishers' Association this week at the weekly luncheon of the Poor Richard Club of Philadelphia.

"Newspaper advertising as a National Selling Force" was the topic of the address by Mr. Thompson. He declared that during 1919 more than $150,000,000 was spent in national newspaper advertising.

"The increase in the cost of newspaper advertising has been less than in any other business," he declared, adding that in the last ten years newspapers have outdistanced magazines as national advertising mediums. He said there are 2152 daily newspapers published in English in the United States having a circulation of twenty-seven millions.

"Newspaper advertising gets a quick distribution of the articles and thirty minutes after the advertisement appears the man has a market for his goods," he said. "The particular advantage of newspaper advertising is that the advertiser can follow up his campaign day after day."

Practical business men all over the world have long ago realized the truths uttered by Mr. Thompson. Attempts have at times been made by thoughtless merchants and others to ignore the newspaper, but they have soon seen the error of their way. Circulars, handbills, "dodgers" street cars, fences and bill boards have proven unsatisfactory for advertising purposes.

INCESSANT BIBLE READER

Firmly resolving, 24 years ago, to read the Bible from cover to cover once each year, George Messick, retired railroad man, of Georgetown, Del., has completed the task for the twenty-fourth time, and has started on the twenty-fifth reading.

During the time he has succeeded in finishing the book each New Year's Eve night, with the exception of one time, when he was ill. He completed the reading, however, within a few weeks thereafter and started again.

Usually Mr. Messick starts on the first of the year and he has so divided the chapters that when he reads a certain number each day he will have finished on the last day of the year. For many years he was baggage master at the Georgetown passenger station. He is 75 years old.

It is said that three thousand years would be consumed in reading all the standard books of the world, while the Book of Books could be read in twelve months by devoting a reasonable amount of our spare time to the task. There is an old joke concerning a man who generally hid his money in the family Bible as, he said, no one ever opened it. This book, which has survived all ages, lies upon our centre tables a silent witness of weddings, social gatherings and funerals. Is it, like the Queen of the South and the men of Nineveh, to rise in the latter days and condemn us?

SENT UP AS VAGRANT

Then Aged New York Woman Goes Home In Son's Automobile

New York, April 3.—After spending three days in the Tombs as a vagrant and with a suspended sentence on this charge hanging over her, Mrs. Clara Weiser, 65, of 947 East Two Hundred and Twenty-fifth street, rode home yesterday in her son's automobile.

The aged woman was on her way to visit her brother at Houston and Hudson streets on Wednesday when she lost her way. A patrolman, who found her lying on the pavement, took her to the Tombs and made a vagrancy charge. She was found guilty and remanded to the Tombs for sentence today. Magistrate Tom Myck dismissed the case when Aaron Weiser, the son having learned of the plight of his mother, appeared in court.

This ship is named in honor of a daughter of Charles W. Morse, president of the board of directors of the Virginia Shipbuilding Corporation and also president of the United States Steamship Corporation, who was among those to witness the launching.

Immediately following the launching the invited guests were tendered a buffet luncheon which was served in the administration building.

PASSING OF A FRIEND
(Communicated)

Again we are called upon to mourn a friend, for if there ever was a genial, whole-souled fellow, the subject of this sketch was the man. From early manhood he has been a familiar figure in our city and there is scarcely a boy or girl who did not know him. Engaged all his life in a business which devoted sadness and gloom, he was the most cheerful man that you could find. Many a home which had been entered by the same messenger that now calls him has been made happier by his genial presence and encouraging words. It is sad to note the passing of any one, but in the brightness of young manhood when success was crowning his efforts, it is a blow to his home, his people and to the entire community. He will be missed by the school children who loved him and, for whom he always had a pleasant word ready.

Ben Wheatley whose body will soon be returned to mother earth will not be forgotten soon. His friends were legion and enemies few, if any. He will be sadly missed by those who had the pleasure of his companionship. But he is no more, and he who lived the golden Rule to the letter has gone to his reward.

I know not where his island lift
Their fronded palms to air
I only know he can not drift
Beyond God's love and care.

George H. Hayden.

INQUEST WATCHED

Authorities Expect Trouble When Jury Announces Result of Findings

Dublin April 3.—The situation in Dublin today was normal. There was not the slightest sign of any Easter rising, rumors concerning the possibility of which recently became so general as to provoke questions on the subject in Parliament.

The resignation of James Ian Macpherson as chief secretary for Ireland, did not cause a ripple of excitement here. Irishmen regard Field Marshal Viscount French, the viceroy, as solely responsible for the direction of affairs, and seem not to be interested in Mr. Macpherson's successor.

Some fears are entertained that there may be trouble in Cork when the result of the inquest into the death of Lord Mayor MacCurtain, who was murdered last week, is announced. The inquest is still proceeding.

The new field marshal Sir William Robertson, who, it has been rumored, is likely to succeed General Sir Frederick Shaw as commander of the troops in Ireland, is on a visit to Belfast with Lord Davenport

CHANDLER SIX

The Most Closely Priced Fine Car

We Let You Know What The Chandler Price Is

THE Chandler Motor Car Company, ever since the first Chandler Car was built seven years ago, has, in every advertisement issued to newspapers and magazines and all other forms of publications, *stated the list price of the Chandler Car.*

It has it now and will continue to do so. There is good reason for this and many thousands of motor car owners know it. This is the reason—The Chandler Six is the most closely priced fine car in the whole medium priced field.

Look through the pages of this paper or a magazine that may be lying on your table. There are probably from ten to twenty automobile advertisements. How many name the price of the car?

True, the cost of automobile production has increased in the past year, and it is still increasing. But the Chandler Company, throughout 1919, with all its production greatly oversold, held to its price.

The Chandler Six of today is a highly perfected development of the Chandler Six of seven years ago, which started the trend toward lightweight sixes. All the engineering skill and production efficiency at the command of the Chandler Company has been devoted to *this one chassis* and that fact is one of the reasons for the Chandler's leadership in its field today.

All Chandler bodies are mounted on the one standard Chandler chassis. Simple, sturdy and dependable throughout, its features embrace, as for years past, the really marvelous Chandler Motor, solid cast aluminum motor base, annular ball bearings, silent chain drive for the auxiliary motor shafts, and Bosch magneto ignition.

Cars that May Compare with Chandler are Listed at Hundreds of Dollars More

SQUAD GUARDS TOBACCO

Rumor of Second Attack by Night Riders Causes Military Movement

Mayfield, Ky., April 3.—A machine gun squad of the State National Guard was on duty here last night, following a report Thursday night that a second attack was to be made on Mayfield tobacco chutes by night riders, as a result of the recent decline in the price of tobacco.

A number of citizens spent Thursday night in arms awaiting an attack but none materialized. The machine gun squad was asked for by Judge Gardner of the Circuit Court, as a precautionary measure, and was ordered here yesterday from Leitchfield by Governor Edwin P. Morrow.

It was accompanied by Adjutant-General J. M. Dewecse, and was in command of Captain William Taylor. It consisted of eight other men who, in addition to the machine gun, were armed with rifles.

REMEMBERED WATERLOO

Betsy Arnold, 105 Years Old at Least, Dead at Bryngyn, Ireland.

London, April 3.—Betsy Arnold, 105 years old at least, but who claimed to have remembered the battle of Waterloo, is dead in Bryngyn. She drank whisky and smoked a pipe all her life.

Betsy was born in Skibbereen, County Cork. Her husband, still alive, was many years her junior.

The ancient Irish woman just before her death avowed her belief in hard work, a drop of whisky and a puff at a pipe. Her diet consisted mainly of plenty of potatoes and vegetables with "cabbage trees."

TRAGEDY IN NEW YORK

Bookkeeper Shoots Woman, Then Drowns Self in Pond Near Tuxedo Leaving Small Child

Middleton, N. Y., April 3.—R. Edward Leary of Hobokus, N. J., yesterday shot and killed Mrs. Harold J. Grayson, of Paterson, N. J., while they were riding in an automobile near Tuxedo, N. Y.

With the body and Mrs. Grayson's 12-yearold daughter in the automobile Leary drove on for 20 miles, and then drowned himself in a pond.

The child notified a farmer of the tragedy.

Leary, who had been employed as a bookkeeper in a New York office, had known the Grayson family for many years.

Tree Owners Attention!

We have successfully operated throughout this city and vicinity for four months during which time it has been our pleasure to serve many persons. The confidence placed in us and our work was such as to make it expedient that we remain longer than we first anticipated, but we are now forced by pressing contracts in other cities to leave in the near future.

It is our ambition and earnest desire, however to serve every property owner in Alexandria having work of this nature, and we are taking this means to request that those whose trees are still in a state of neglect get into communication with us within the next few days. Our treatment is efficient to the extent of making it unnecessary that further work be done for from five to ten years. We do not know of one dissatisfied client among the many we have served.

This is our final advertisement this year so, we again urge those people who appreciate trees, to call on us for estimates or advice.

This is the proper and best season for work of this nature.

Oldsmobile SETS THE PACE 22nd Year

The "THOROBRED" 7-passenger Touring Car

THE trend of automobile engineering points to the 8-cylinder car. And good buying judgment points to Oldsmobile.

We aimed higher than simply pioneering the "eight." We aimed to produce one of moderate price and low maintenance costs,

—that had the flexibility, smoothness and abundance of power inherent in the 8-cylinder car.

—that cost as little to buy and operate as the majority of "sixes" and many "fours."

—that would be smartly distinctive, yet characteristically Oldsmobile.

Our aim is attained in the "THOROBRED"—the only popular priced "eight" in which mechanical excellence is combined with rare riding comfort and up-to-the-minute body lines. Oldsmobiles have been the history-makers of motordom; the "THOROBRED" is well worthy to perpetuate the name.

Descriptive literature will be sent upon request, or a demonstration gladly arranged.

friends who will regret to hear of his death. "Ben" Wheatley as he was known to his friends was a man of warm heart and one of Alexandria's most charitable citizens. He dispensed his charity in an unostentatious manner and the cry of distress of those needing aid never went unheeded. He however, was always averse to publicity in connection with anything along such lines.

The deceased not only enjoyed the confidence of and esteem of the citizens of Alexandria but also with all whom he came in contact and was well known to most of the members of the State Funeral Directors Association and also to many of the members of the National Association of Funeral Directors. In the death of Benedict Wheatley Alexandria loses one of her best liked and most public spirited citizens.

Funeral services for Mr. Wheatley will take place at 11 o'clock Monday morning from his late residence. They will be conducted by Rev. Dr. E. V. Regester, pastor of the Methodist Episcopal Church, South, assisted by Rev. Dr. E. B. Jackson, pastor of the First Baptist Church. The interment will be private.

MEXICANS SLAY ANOTHER U. S. CITIZEN

Slain by Mexicans,—One Killed, One Stabbed and Train Bearing Diplomat Dynamited

Washington, April 3.—One more American has been murdered in Mexico, and a train, bearing the American military attache at Mexico City, his wife and two other American passengers, has been dynamited, according to information received here yesterday by the State Department.

H. A. Jafredon, employe of the International Petroleum Company, at Amatlan Camp, near Tampico, is the slain American. Alexander Oberg, nationality unknown, but presumed a citizen of the United States, was stabbed, probably fatally, in the same fracas.

Both were attacked by Mexicans also in the employ of the company on March 30.

Secretary Colby telegraphed to both the American embassy at Mexico City and the consulate at Tampico to make prompt representations looking to the speedy apprehension and punishment of the murderers.

ALCOHOL DEATH REPORTED

Newport News, April 3.—An unidentified steamer came into Hampton Roads Thursday with one man dead and two seriously ill as a result of drinking wood alcohol. The steamer went to Norfolk. Quarantine authorities know little or nothing of the matter and did not remember the name of the ship, it is said.

SLAYS EDITOR IN DUEL

Pistols Used, With Seconds and Surgeons in Attendance, Newspaper Man Losing Life

Montevideo, April 3.—Washington Beltran, editor of the newspaper El Pais was shot and killed in a duel yesterday by Jose Batilley Ordones, former President of Uruguay.

The duel took place yesterday morning with the usual formalities and with seconds and surgeons in attendance. The weapons used were pistols. Beltran was shot in the breast and died shortly afterward.

SUGAR PROBE PLANNED

House Committee Will Begin Sittings Next Monday

Washington, April 3.—Development of facts regarding high prices for sugar and the juggling by which refiners throw the output to the speculators will be thrashed out by a House committee. Attorney General Palmer; George Zabriskie, head of the Sugar Equalization Board, and several of the leading refiners will be called before a House committee beginning next Monday.

This action is being taken under the Tinker resolution, which directed an inquiry into the reason for the allowance by the Attorney General of a price of 17 cents per pound for Louisiana sugar. It is intended to question closely Mr. Palmer on this point.

A Senate Agricultural subcommittee had planned to begin an investigation Monday, but yesterday decided that the House committee could cover all the features.

Stonewall Brigade Band, of Staunton, played when Reese T. Grubert marched away in 1917 to service in the army. He has returned now and is a candidate for mayor. His uncle, William A. Grubert, a member of the band, refused to play and was criticised by some of Staunton's residents on the issue of Americanism. Grubert also is a candidate for mayor. The political fight has reached a stage of frenzy. A newspaper published an editorial questioning the elder Grubert's patriotism and stirred him and his friends to white heat in their denials. Members of the American Legion are backing Reese Grubert in his race. Meanwhile the city faces an election to decide whether the city manager form of government shall be adopted. In that case neither of the Gruberts will be mayor.

The Chesapeake and Ohio Railway Company broke all coal dumping records at Newport News in February when a total of 847,294 tons went down the chutes. M. C. Selden, superintendent, says this is the greatest amount ever sent out in one month and points out that February is the shortest month in the year. Most of this coal was sent to foreign ports.

Frank Markey, 23 years old, of New York, was arrested at Cape Charles yesterday morning charged with stealing a handbag from C. M. Shultz, of Norfolk, Va., who was a sleeping car passenger on the New York and Norfolk express train of the N. Y., P., and N. R. R. Markey was arrested when he tried to check a bag to New York.

In an effort to prevent the spread of the strike of the clerks and trainmen of the Norfolk and Western Railroads at Roanoke, who left their tasks yesterday, two conciliators of the Department of Labor left Washington for Roanoke last night. Officials of the Brotherhood of Railway Trainmen at Roaneke called a strike effective at 4 o'clock yesterday afternoon, in sympathy with striking clerks. The trainmen said conditions on the road had been renderad "unsafe" by the strike of railway clerks and the passenger and freight traffic would be tied up completely today. Officials of the Brotherhood of Locomotive Firemen and Enginemen said their members would refuse to work on trains manned by strikebreakers. Railroad officials at Roanoke said reports indicated that about 10,000 employes had walked out at various points. Over 1,000 Norfolk and Western Railway shopmen struck at Columbus Ohio, yesterday in sympathy with the Norfolk and Western clerks who have been on a strike for a week.

HIT BY FLOODS

Atlanta, Ga., April 3.—Flood conditions in sections of Georgia, Tennessee and South Carolina assumed dangerous proportions today as a result of torrential rains within the past 48 hours.

Property damage is expected to run high.

Train service was badly crippled. Thousands of acres of land were reported flooded in North Georgia East Tennessee and Northwest South Carolina.

Several cities and towns, including Chattanooga, Knoxville, Rome, Ga., and Abbeville, S .C., reported heavy damage.

Sevierville, Tenn., was reported to be cut off from the outside world as a result of washouts.

The Weather Bureau announced that the Tennessee River would reach a forty one stage, eight feet above the flood stage, by Sunday morning.

TO PLAN CONVENTION

Democratic National Committee Will Discuss Arrangements at Meeting on April 20.

Washington April 3.—Plans for the Democratic National Convention in San Francisco will be discussed at a meeting of the committee on rangements April 20 in Chicago. Chairman Cummins, of the national committee, announced yesterday that subcommittees recently appointed to deal with specific convention matters would make their reports at that time to the full committee.

STRIKERS TO RETURN

7,000 Employers of Union Stockyards at Chicago Satisfied by Arbitration

Chicago, April 2.—More than 7,000 employees of the Chicago stockyards and packing companies will be back at work today as a result of a decision by striking feeders and stock handlers to return to their jobs, and arbitrate wage differences. The freight embargo on live stock entering Chicago was lifted immediately.

START LYNCH RIOT

Philadelphia, April 3.—Reserves from four West Philadelphia police stations were called out to quell a riot in which hundreds of tenants attempted to lynch a deputy sheriff who had evicted Mr. and Mrs. George Glassmire. Their home had been sold by real estate agents.

Edwin Hunter, the deputy, who served the writ; was saved from the mob by policemen, who held the crowd with drawn revolvers and turned in a general riot call.

BULLFIGHTERS TO STRIKE

Madrid, April 2.—This is not an April 1 joke. Spain's bullfighters are on strike.

They declare they will not appear in the ring unless they are granted the increase in pay demanded by the newly formed bullfighters' union. The promoters are expected to yield rather than wreck the greatest bullfights since the pre war days scheduled for the coming months.

Matadors at present get from $1,200 to $1,600 for each fight, while picadors get $1,500.

CHILE REFUSES OFFER

Reply Made to Wilson Note on Peruvian Bolivian Controversy

Santiago, Chile, April 3.—Chile will not accept intervention in the Chilean-Bolivian dispute or any other dispute she may have with her neighbors, either from the United States or any other power, the government declared yesterday in a communication handed to Joseph S. Shea, the American Ambassador.

The communication was in reply to President Wilson's note on the Peruvian-Bolivian dispute.

FREIGHT LEAST H. C. L. EXPENSE

Director General Hines Says Railroad Transportation Costs Are Lowest in History.

NOT CAUSE OF HIGH PRICES.

Freight Advances Compared With Rise in Value of Goods—Transportation Cheapest Thing Public Buys. Charges on Some Articles.

Data published from authoritative sources show that railroad freight rates are the least factor in the cost of living. Although the proportion of the total cost of goods that can be charged to transportation is not known with statistical accuracy, it is estimated that the average transportation cost of things produced in this country is a very small percentage of their total cost to the consumer.

Freight Cost 2.4 Per Cent of Total.

In a letter to Representative John J. Esch, chairman of the House Committee on Interstate and Foreign Commerce, Julius Kruttschnitt, chairman of the Southern Pacific Company, points out that in the last five years the value of goods increased on an average of $68 a ton, while freight charges advanced only 80 cents a ton.

In five years, he explains, the average value of freight carried by the railroads increased from $56 to $119 a ton. The cost of carrying this increased from $2 to $2.80, paid to the railroads. In 1914, he adds, 3.3 per cent of the total cost of the goods was spent for transportation. In 1919 only 2.4 per cent was spent.

"In other words," Mr. Kruttschnitt writes, "only 80 cents out of $33, or 2.3 cents out of every dollar of increase in value of commodities in 1919 was caused by increased freight charges. The responsibility for the remaining $32.20, or 98.7 cents out of every dollar, must be sought elsewhere. It was not caused by freight rates."

Rates Lowest in History.

Comparison with transportation charges in other countries shows that in no other country of the world is transportation furnished at so low a cost as in the United States. Compared, too, with the cost of other goods transportation is the cheapest thing the public buys. It is sold for less than the cost of production, considering all the elements of cost.

In a statement on this subject to the New England Bankers' Association Walker D. Hines, Director General of Railroads, said:

"I think it is a fair statement that at the present time, despite the increases which have taken place in freight rates, a ton of steel or a ton of coal, a bushel of wheat or the unit of any other commodity has to pay for transportation a less percentage of the price of that commodity than ever before in the history of the country."

Charges on Some Articles.

Before the war a suit of clothing from one of the Chicago factories, selling for $30 in a retail shop, was carried from Chicago to Los Angeles for 1½ cents. The suit of clothes now retails at $50 or $60, but the freight rate on that 2,265 mile haul has increased only 5½ cents, while the price of the goods has gone up $20 or $30.

The 22 cents does not cover all the transportation cost in a suit of clothes, the transportation charge for carrying the wool from the ranges and the cloth to the clothing manufacturer and other minor carrying costs enter into the consideration, but the final transportation charge is the principal one, and the other charges add only a few cents more.

New England shoes are shipped from Boston to Florida at a cost of less than 52-3 cents a pair. This is an increase of only one cent over the pre-war rate. The railroads also carry beef from Chicago to New York for a charge of about two-thirds of a cent a pound. Typewriters are carried from New York to St. Louis for 66 cents. A $150 phonograph is carried by freight from New York to Atlanta for $2.85. A grand piano is carried clear across the continent for $30 and in carload lots for $20.

These are typical freight rates, and they make it plain that American railroads give the lowest cost service in the world.

Even with a very considerable increase in rates to make the roads self-supporting, transportation will still be the cheapest thing the public buys.

BRUTALITY TO GIRL

New York, April 3.—John Gallander, an actor, was ordered held under $2,500 bail, yesterday when arraigned on the charge of brutality, treating his 17 year old daughter, Minnie.

Investigators declared the girl had also been pricked with needles, and that with a red pencil words were cut with knives.

CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadorsville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before.

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy purgative and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape.

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Thedford's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action leaving no bad after-effects, it has won the praise of thousands of people who have

Elbert Hubbard Says:—You can always tell a Chicago man, but you can't tell him very much. There are some Chicago men in all communities. That kind of man will not be told anything, they would rather die taking Pink Pills or simular stuff than investigate Chiropractic and be cured—You better look it up—later may be too late. Do you want to know why strong Senators and Congressmen use and swear by Chiropractic?—I examine you free.

ANOTHER ALEXANDRIA CASE.

It Proves That There's A Way Out For Many Suffering Alexandria Folks.

Just another report of a case in Alexandria. Another typical case. Kidney ailments relieved in Alexandria with Doan's Kidney Pills.

... W. Simpson, 1813 King Street, Alexandria, says: "It was a good many years ago that I first had kidney trouble and I got so I could hardly get out of bed. The pain and misery I went through were terrible. My back was lame and so sore I could hardly touch it. It hurt me to bend over and I had terrible headaches. Some days I was so nervous I would shake like a leaf. The kidney secretions were in bad shape. Sometimes they were scanty and then I would have swelling of my feet. My feet would get twice their natural size and I couldn't get on my shoes. I was all worn out and didn't have the ambition to work. A friend told me about Doan's Kidney Pills and I got two boxes at Ashton's Drug Store and ... them according to directions. ... helped me so much I got three ... of Doan's and they en... me. Since then I have ... very day and have been in fine health."

Price 60c, at all dealers. Don't ... ask for a kidney remedy—get Doan's Kidney Pills—the same that ... had. Foster-Milburn ... Buffalo, N. Y.

EXAMINE OUR GRADES WHEN CONSIDERING PRICES.

With prices on Lumber and other Building Materials at their present levels, there are many items in the lower grades which can often be substituted satisfactorily and at a considerable saving.

We have become so much impressed with the possibilities of doing this to advantage that we are exercising the greatest care in buying only from those mills who pay the closest attention to the manufacture and grading of their lower priced stocks.

We ask our customers to examine these grades when buying as we believe they will find some excellent values, and a knowledge of what a carefully selected lower grade really is will often prevent the buying of a so-called higher grade at a little under the market price for the high grade, when it is actually a lower grade and can be bought as such.

GRAND THEATRE

He was not an up to date American. He thought this big country of ours was still divided in two parts—the North and the South. You were either a "damned Yankee" or a Southerner; his flag was the Stars and Bars and the Stars and Stripes that of an enemy. This mistaken young man was Robert Carr, grandson of a Confederate Colonel, who had never become reconciled to the defeat of the South.

How young Carr felt the call of the true spirit of freedom and responded to it brings W. Christy Cabanne's thrilling story of love and adventure, "Fighting Through," starring E. K. Lincoln, to a climax that is decidedly entertaining. This picture will be shown at the Grand Theatre tonight. Alo Charlie Chaplin in "Doing His Best."

MEAT PRICES TO ADVANCE

Chicago, Apri 3.—Meat prices will advance if the Interstate Commerce Commission restricts the use of refrigerator cars by the packers of shipments of strictly packing house products, Richard O'Hare, of Swift and Company, told that body yesterday.

The National Wholesale Grocers' Association is petitioning for such restriction of the packers' shipment., claiming that the right to ship grocery products in the refrigerator cars gives an unfair advantage to the meat men.

FORMER CONSUL RELEASED

E. Karl Vietor Returns to Virginia After Imprisonment as Alien Enemy

Richmond, April 3.—E. Karl Vietor, formerly vice consul in Richmond of the imperial German government, is with his family again at Granite, Chesterfield county, after spending thirty two months at Fort Oglethorpe, Ga., as an interned enemy alien.

He arrived in Richmond last night about 7 o'clock from Chattanooga and went immediately to his home, to rejoin once more the family he had not seen together since America was busily preparing for war.

Mr. Vietor will appear this morning at 10 o'clock in the office of United States District Attorney Hiram M. Smith for the execution of a bond of $10,000 as security for nonviolation of the parole he has been granted by the government during the period that this country technically is at war with Germany. This action is being taken with all interned enemy aliens whose conduct did not warrant deportation.

While peace has not been declared officially between the United States and Germany, it was deemed by the government unjust to German nationals to keep them confined during an indefinite period of haggling over peace negotiations. Prisoners of every other nation engaged with this country in the struggle have been returned to their homes.

EASTER AT UNIVERSITY

Charlottesville, April 3.—Easter week, the social event of the year at the University of Virginia begins Monday. The plans and preparations for the occasion this year have been very extensive and elaborate and the largest attendance of any previous Easter week is expected. Members of the dance committee have announced that the list of young ladies who will be the guests of the university for the week has passed the hundred mark and represents practically all of the larger cities in the country and prominent girls' schools in the south and east. Many alumni of the university will be back for the week's festivities.

FRUIT CLOGS SOUTHERN

Five Trains Daily Rush Oranges and Grapefruit North

Lynchburg, Va., April 3.—The Southern Railway is handling five trains, averaging 250 carloads of oranges and grape fruit in northbound traffic through here daily.

The congestion at time was been so great of late that the immediate yard facilities at Spencer, N. C. have been taxed by it.

LEAVES CANAL ZONE

Panama, April 3.—The Prince of Wales, aboard the British battle cruiser Renown, sailed yesterday for San Diego, California, after his visit to the Canal Zone.

It developed that the cruiser suffered damage to her starboard propeller in the Culebra cut on Tuesday, where it was necessary to blast obstructions in the channel caused by the recent earthalide, before the Renown could pass through.

The British cruiser Calcutta, which accompanied the Renown here, has returned to Barbados.

Ford

THE UNIVERSAL CAR

Insist on Genuine Ford Parts

Imitation "Ford" parts are being sold by many mail-order houses, down-town stores and garages to unsuspecting Ford owners as "Ford" parts. But they are not Genuine Ford parts made by the Ford Motor Company. They are made by concerns who have no connection whatsoever with the Ford Motor Company. These imitation parts are not even made from the same grade of steel, or under the same formulas used by the Ford Company. They are counterfeit parts. Tests have shown them to break when the genuine Ford parts didn't even bend, and they generally are from thirty-five to one hundred per cent lower in quality.

The Authorized Ford Dealer is your protection. As such, we handle nothing but the Genuine Ford parts. They are made from the famous Ford Vanadium Steel and each part—according to its use—is heat-treated in the way that will give it the longest wearing qualities. Every part is the same as its duplicate in your Ford car or Ford truck.

Our stock of parts is complete. And our Ford garage and Ford mechanics are at your service at all times. Drive in when replacements or repairs for your Ford car may be necessary. Save your car and also your money.
